"Care that is as individual as the people we care for"

PEARTREE

"I have found that if you love life, life will love you back"

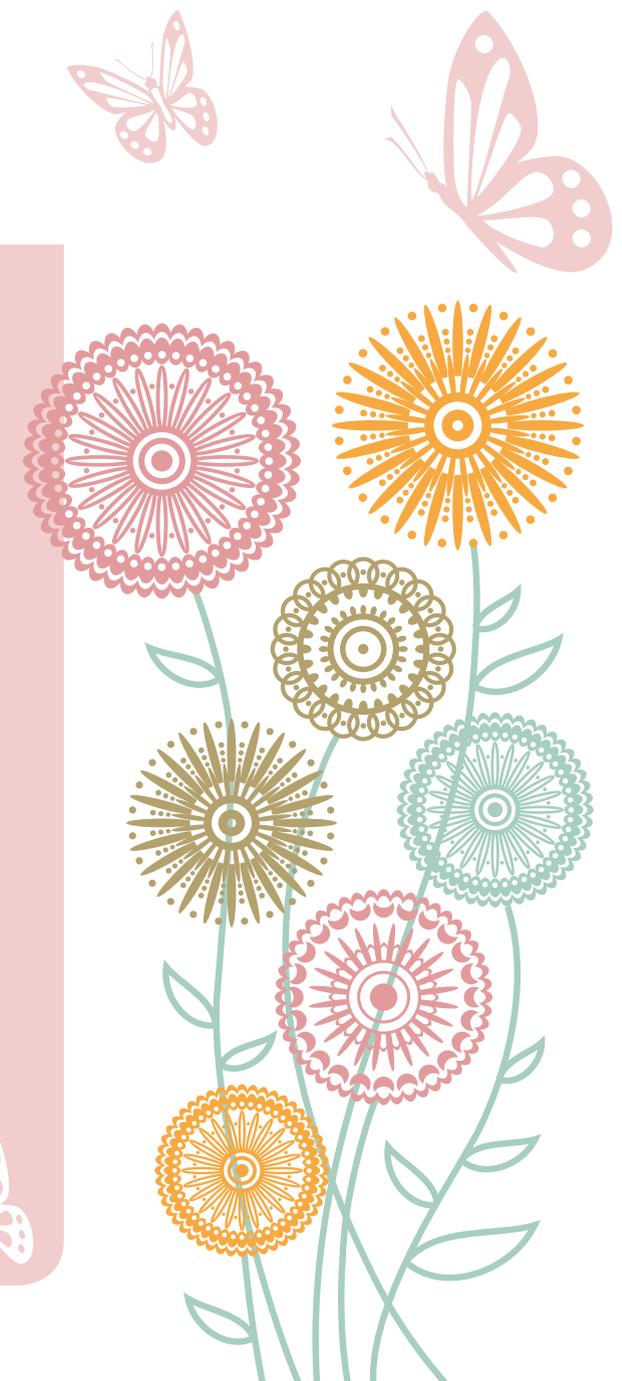

Arthur Rubenstein

Welcome

It is only natural for all of us to want the very best for those we love as they get older. Life at home can become increasingly challenging and difficult to manage as the years pass, particularly if someone is trying to cope with Dementia. The decision to look at residential care can be extremely hard to make and, for many, a deeply emotional one. However, should you decide this is the right choice to make for your relative or friend, we will be there to help you every step of the way.

The friendly faces, homely facilities and comfortable, modern accommodation at Peartree Care Centre will make the transition much easier. We provide residential, respite, nursing and palliative care for older people, including those with Dementia. Our professional and experienced Care Staff are committed to ensuring that the people who use our services live as independently as possible and continue to live life to the full. Here at Peartree Care Centre, we provide a personal service which respects and values individuals.

"Since there is nothing so well worth having as friends, never lose a chance to make them"
Francesco Guicciardini

"There is nothing nicer than to sit and natter with friends or to lose oneself in a good book"

Home from Home

Pearlcare Care Centre has been specially designed to provide maximum comfort, convenience and stimulation for the people who live there. We have a hairdressing salon, a reminiscence room, a sensory/Namaste room, a variety of attractive lounges and dining rooms, a tea room, and some lovely outdoor spaces for sitting and enjoying time alone or with friends and family.

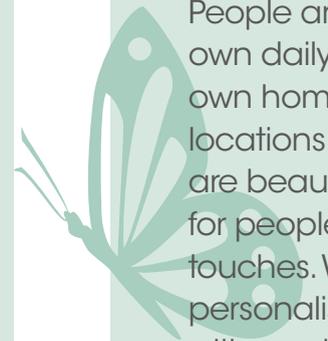

small details designed to aid memory, provide sensory stimulation and promote conversation and interaction amongst people. We have also successfully introduced a personalised Namaste Care program. Namaste is a Hindu term meaning 'to honour the spirit within' and is designed to improve the quality of life for people with advanced Dementia.

People are encouraged to plan their own daily activities, as they would in their own homes, and dine in their chosen locations. Our spacious bedrooms, are beautifully decorated and ready for people to add their own personal touches. We encourage everyone to personalise and decorate their bedrooms with small items of furniture and treasured objects, to provide comfort and familiarity in their new surroundings.

Pearlcare Care Centre offers individuals a wonderful home where everyone soon feels part of the family. To further promote the feeling of being surrounded by family and friends, we choose not to wear uniforms. We find that this adds to the relaxed atmosphere.

To assist individuals living with Dementia, we have included a number of 'pockets of opportunity' around the home –

Pearlcare Care Centre is located in Sydenham, just a short distance away from Crystal Palace, Catford and Lewisham. It is served by excellent public transport links and main commuter routes. It is also close to many local amenities, including shops and parks.

"The most important thing is to enjoy your life - to be happy - it's all that matters."

Audrey Hepburn

A Life Fulfilled

From our experience, the ability of older people to maintain the skills to do things for themselves offers significant advantages, particularly to those with Dementia. The benefits from improved health, self-esteem and increased confidence are obvious and ultimately enable people to continue life as they know it.

We encourage individuals to join in the everyday activities of life, such as making a cup of tea, laying the dinner table or helping with flower arrangements. Everyone goes at their own pace, in their own way, with our support and companionship. To add a bit of spice to life, our Activity Co-ordinators arrange outings to places of interest and leisure, as well as optional activities which are designed to engage the abilities and inclinations of people. Some of the most popular activities include karaoke, bingo, knitting and weekly food-making sessions including cake decorating and cupcake making. We also have entertainment on themed event days such as St. Valentine's Day and St. Patrick's Day. Individuals decide for themselves just how much they wish to participate - some prefer the more sociable activities whilst others prefer to read a good book in a quiet spot, or relax in the gardens. The choice is entirely theirs.

The sense of community at Peartree Care Centre is palpable and we welcome visitors at any time, so please feel free to pop in and sample our hospitality, view our home and speak with our team.

A Culinary Delight

"Mealtimes can be quite a sociable occasion. Our resident Chef prepares tasty and nutritious home-cooked food daily, which never fails to whet peoples' appetites"

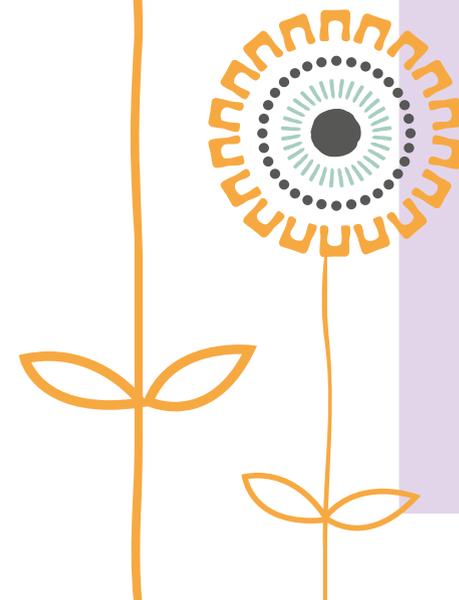

"Personal choice and independence is important to people; they can therefore dine wherever they choose"

Mealtimes at Peartree Care Centre are a pleasurable affair. Our talented Chef creates a variety of delectable, nutritious dishes using fresh, seasonal and locally-sourced produce on a daily basis. Menus are planned and displayed in advance, complete with appetising pictures, so that people can look forward to a feast of culinary delights each week.

Each day, people can enjoy morning coffee with biscuits and afternoon tea with delicious homemade cakes. We also ensure that a variety of refreshments are available throughout the day, to which individuals can help themselves. Our team is more than happy to accommodate any special dietary requirements.

We all like a change of scenery; therefore, people are invited to dine wherever they choose. This could be in one of our most attractive dining rooms; 'al fresco' in the picturesque settings of our gardens; or indeed, in the quiet privacy of their own rooms. Once again, the emphasis is on personal choice. On special occasions, we encourage individuals to keep in touch with family and friends and are happy to arrange catering for small gatherings, to celebrate their chosen events.

*"Alone we can do so little;
together we can do so much"*
Helen Keller

People Who Care

It can be daunting to entrust the care of loved ones to someone new. Our Care Staff are considerate, kind, compassionate and gentle; they treat everyone with the utmost dignity and respect, and their caring natures and friendly personalities are just as important as the right qualifications and experience.

Our Care Staff get to know each person on a personal level and genuinely enjoy hearing about their life journeys, experiences and memories. Each person is a unique individual; consequently, their care plans are bespoke, sensitively tailored and regularly reviewed to ensure that their lives are as comfortable, fulfilled and enjoyable as possible. We also recognise that friends and relatives are the experts when it comes to their loved ones and we welcome their continued, active involvement in their lives and care.

The happiness and welfare of the people who live here, and of their families are of paramount importance; we do all that we can to provide a relaxing and harmonious environment in which individuals can enjoy life to the maximum and families are reassured that their loved ones are in good hands.
