Goldenley Healthcare Ltd

Location / Core Service address	Date
Goldenley Care Home 11-13 Richmond Avenue South Benfleet SS7 5HE	21/09/2020

Dear Goldenley Healthcare Ltd

The Care Quality Commission is not routinely inspecting services during the COVID-19 pandemic. We are maintaining contact with providers through existing monitoring arrangements and engagement and support calls covering four assessment areas:

- Safe Care and Treatment
- Staffing arrangements
- Protection from Abuse
- Assurance Processes, Monitoring and Risk Management

This Summary Record outlines what we found during the engagement and support call shown above, using standard sentences and an overall summary.

We have assessed that you are managing the impact of the COVID-19 pandemic at the above service. The overall summary includes information about the internal and external stresses you are currently experiencing, how they are being managed, and sources of support that are available.

Emergency Support Framework calls and other monitoring activity are not inspections. Summary Records are not inspection reports. Summary Records are not published on our website.

Overall summary

From our discussion and other information about this location, we assess that you are managing the impact of the Covid 19 pandemic.

The service was being managed by an experienced and caring registered manager and consistent staff group.

You were knowledgeable and proactive in providing good quality care for people day to day to keep them safe.

From our discussions you told me:

You had welcomed and accessed support and information from stakeholders and health care professionals to ensure people's health, safety and welfare continued to be met.

You were managing risks to people and staff with systems and processes implemented to manage the particular risks associated with the pandemic.

Care and support was tailored to people's individual needs and you worked effectively with family members throughout lockdown to help everyone cope with the situation.

You have enough personal protective equipment to keep people and staff safe. Staff had ongoing guidance to ensure they were able to comply with safe infection control practices.

There was effective monitoring and management oversight to ensure people received a quality service.

You had made plans for the future in terms of consistency and continuity for people and their safety.
