

COVID-19 Emergency Support Framework

Engagement and support call Summary Record

Etheldred Healthcare Limited

Location / Core Service address	Date
Etheldred House Care Home Clay Street , Histon CB24 9EY	08/07/2020

Dear Etheldred Healthcare Limited

The Care Quality Commission is not routinely inspecting services during the COVID-19 pandemic. We are maintaining contact with providers through existing monitoring arrangements and engagement and support calls covering four assessment areas:

- Safe Care and Treatment
- Staffing arrangements
- Protection from Abuse
- Assurance Processes, Monitoring and Risk Management

This Summary Record outlines what we found during the engagement and support call shown above, using standard sentences and an overall summary.

We have assessed that you are managing the impact of the COVID-19 pandemic at the above service. The overall summary includes information about the internal and external stresses you are currently experiencing, how they are being managed, and sources of support that are available.

Emergency Support Framework calls and other monitoring activity are not inspections. Summary Records are not inspection reports. Summary Records are not published on our website.

Assessment Area 1

Safe care and treatment

1.1 Are infection risks to people using the service being thoroughly assessed and managed?

Yes Infection risks to people using the service are being thoroughly assessed and managed.

1.2 Does the service have the resources to obtain, and reliable access to, all the supplies, personal protective equipment and C-19 testing it needs, for both staff and people who use the service?

Yes The service has reliable access to the right personal protective equipment and C-19 testing for both staff and people who use the service.

1.3 Does the location's environment and layout support preventing and containing transmission of infection?

Yes The location's environment supports the preventing and containing the transmission of infection.

1.4 Are working arrangements and procedures clear and accessible to staff, people who use the service, their supporters, and visitors to the service?

Yes Working arrangements and procedures are clear and accessible to staff, people who use the service, their supporters, and visitors to the service.

1.5 Are medicines being managed safely and effectively?

Yes Medicines are being managed safely and effectively.

1.6 Are risks to the health of people using the service being properly assessed, monitored and managed?

Yes Risks to the health of people using the service are being properly assessed, monitored and managed.

Assessment Area 2

Staffing arrangements

2.1 Are there sufficient numbers of suitable staff to provide safe care and treatment in a dignified and respectful way?

Yes There were enough suitable staff to provide people with safe care in a respectful and dignified way.

2.2 Are there realistic and workable plans for managing staffing levels if the pandemic or other causes lead to shortfalls and emergencies?

Yes There were realistic and workable plans for managing any staffing shortfalls and emergencies.

Assessment Area 3

Protection from abuse

3.1 Are people using the service being protected from abuse, neglect, discrimination and loss of their human rights?

Yes People were being protected from abuse, neglect, discrimination, and loss of their human rights.

3.2 Are the service's safeguarding and other policies and practice, together with local systems, properly managing any concerns about abuse and protecting people's human rights?

Yes Safeguarding and other policies and practice, together with local systems, are properly managing any concerns about abuse and protecting people's human rights.

Assessment Area 4

Assurance processes, monitoring and risk management

4.1 Is the provider monitoring and protecting the health, safety and wellbeing of staff?

Yes The provider is monitoring and protecting the health, safety and wellbeing of staff.

4.2 Does the provider have effective systems and methods for monitoring the overall quality of the service and for responding to business risks and issues as they arise?

Yes The provider's systems and methods for monitoring the overall quality of the service and for responding to business risks and issues as they arise are effective.

4.3 Is the provider supporting staff and people who use the service to raise any concerns and give feedback?

Yes Staff are supported to raise concerns and give feedback about the service.

4.4 Is care and treatment provided to people being properly recorded?

Yes Care and treatment provided to people is being properly recorded.

4.5 Is the provider able to work effectively with system partners when care and treatment is being commissioned, shared or transferred?

Yes The provider is able to work effectively with system partners when care and treatment is being commissioned, shared or transferred.

Overall summary

From our discussion and other information about this location, we assess that you are managing the impact of the COVID-19 pandemic.
Infection control practice;
The service has a plentiful supply of PPE and you have experienced no issues with sourcing additional PPE products, to ensure you are adhering to the latest guidance.

You have regular contact with the CCG. New policies and practices have been implemented. You have identified a specific area within the service as a "red zone" for staff to change in and out of scrubs.

Staff support and training;

You told us that staff are well supported . You regularly reassure staff that their safety is taken seriously. All staff have completed additional infection prevention control training and specific covid-19 training

Management of the service;

The registered manager and office staff are continuing with management tasks. Audits and reviews of care plans and medication administration are being carried out regularly. Supervisions, appraisals and team meetings have continued as before the pandemic.

Staff cover;

The service has not been affected by staffing levels, however plans are in place should staff shortages arise due to the covid-19 pandemic.

Innovation;

Service users have been supported to keep in touch with family and friends via video calls and telephone calls. The service identified a need for one resident to be able to see their spouse regularly, and supported her to become a volunteer to ensure continuity for the service user.
